

HB 1895 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to utilize lessons learned from efforts to conserve energy usage in single state buildings or complexes and extend conservation measures across all levels of government. Implementing conservation measures across all levels of government will create actual energy conservation savings, maintenance and cost savings to state and local governments, and savings to the state economy, which depends on affordable, realizable electricity to retain jobs.

Declares an intent that conservation measures be implemented across all levels of government and that the savings created from implementing conservation measures be retained to produce more efficient government operation.
